

# 432 EVO ESSENCE MK2

WITH AUDIO NOTE DAC

All-in-one server with integrated 24/384 engineered by Audio Note DAC, can be connected directly to power amp (at DAE = connected to Eigentakt)

With 432OS, our real-time enterprise grade OS, running on a real quad-core cpu with no hyperthreading, and fast enough for Roon.

8 GB RAM (up to 32 GB possible)

2 TB storage (up to 8 TB possible)

Bitperfect ripdrive with automatic cover art grabber

Roon Core runs on every 432 EVO, LMS also possible as backend

With our real-time tuned player:

432 Hz, upsample-only and bitperfect modes

More third party backends coming to 432OS

DAE 2024 PROMO:

4500 €
